§21-422.

- (a) The raw milk that a milk producer sells shall be raw milk that:
 - (1) Is obtained by the complete milking of a healthy cow or goat;
 - (2) Is unadulterated, whole, and unadjusted; and
 - (3) Is practically free of colostrum.
- (b) The pasteurized milk products that a distributor, bobtailer, or milk processor sells shall:
 - (1) Be pasteurized; and
 - (2) Meet all definitions and standards of identity established by federal law and regulation.
